**Keys for Hope**

Key for Hope was formed in an effort to stamp out hunger, poverty and homelessness. Unlike other charities and non profit organizations, Key for Hope is not asking for monetary donations, but for old unused and obsolete keys to recycle for their scrap value. The money raised would then be directed to local food and homeless shelters on a local scale presently and ultimately globally.

It is estimated that more than 400 million keys are discarded each year. If recycled, millions of dollars can be raised and countless lives can be improved. This is also in accord with worldwide efforts to go green by eliminating these nonbiodegradable metals from landfills.

Every key counts and one key can make a difference and may be the key to eradicating hunger, poverty and homelessness. Please bring your keys to Church and place them in the plastic bucket at the entrance of the church.
