

August 11th. 2010

Dear Sponsors:

Teen Group of Christ

Greeting you with a lot of affection, hoping you are enjoying in good health beside all your loved family. Writing you again your sponsored child Alan David Reyes Ruano, I am very happy for writing you a letter again.

I want you to know I have been doing very well in my studies, and I have done good tests, my favorite subject is Mathematics because I am learning how to multiply and divide; my other favorite subject is Social and Natural Environment because we are learning about the kind of plants. I also like to draw and color.

I want all be well in my subjects to pass 3rd. grade. At school is having reparations because we have now more tiers and the preschool was painted with yellow color. I like to play ball.

Close to my house there is a circus and this is very big with clowns and they make jokes.

I am very thankful for everything I receive in Foundation as nourishment, footwear and many more things which are very useful to all my family.

May God bless you always.

Says good bye your sponsored child who sends you a big hug,

Alan David Reyes Ruano
