April 2011

Dear Parishioners of St. Joseph,

In the year 2000, St. Joseph Parish began a process to build a future vision and plan for the 21<sup>st</sup> century. The vision developed was in response to our growing parish and the aging buildings on a landlocked village campus. The decision was made to relocate and to grow our parish staff, religious programs and community-building activities. This formed the basis of our **Stairway to the Future**.

Today in 2011 we can see the blessings of more than 10 years of prayer, sacrifice and investment. We have a new campus and a new church, and have expanded our formation and family-centered activities. Now we must begin to plan and prepare for the next 10 years and beyond.

Attached is a parish survey. This is an opportunity for you to share with parish leadership how you see our parish witnessing and living our Catholic faith. It is a way for us to assess our faith formation and community building activities. It is a chance for you to give input on the direction of our St. Joseph Parish for the next 10 years. I ask that you please take time to complete the survey and return it. This can be accomplished online by clicking on the "Vision 2020" link found toward the bottom of the list of options on the blue band of the left-hand side of the parish website, [www.stjos.com](http://www.stjos.com), or by completing the enclosed and dropping it in the collection basket or mailing it to the parish office.

Your input and response is vital to the growth, vision and mission of our parish. Thank you for your support and investment in our community. Please remember to hit the **SUBMIT** button after each section.

Shalom,  
Fr. Brendan J. Walsh  
Pastor
