

One of the most important tasks we are asked to do is to bring God's message to his people. That happens in many ways. God is calling upon us to use the talents and creativity that He has so graciously given to all of us to spread His Good News!

Please give some thought and prayer as to how you can answer His call. Check the area that you can best put the gifts God gave you to help our Parish Education program here at Christ the King continue to grow in the Glory of our Father.
